

## EMPLOYMENT NEWS

### Position Openings

**Delta College:** Have you ever thought about teaching a college accounting course? Well here is your opportunity. Delta College is looking for adjunct (part-time) instructors to teach accounting courses. Interested candidates should have a bachelors degree or higher in accounting or a related subject with a minimum of 18 credit hours in accounting subjects; and experience working in the accounting field preferably with technological currency. Please contact Janis Kendziorski at (989) 686-9189, or apply to the Delta College Human Resources Department.

**Via Recruiter:** Privately held \$1.5 billion organization located in Michigan is currently looking for a Chief Operating Officer. This is a newly created role.

The Chief Operating Officer will work with the CEO / Organization in the establishment and optimization of day-to-day operations in the company. Requirements for the COO:

- 10 plus years leading successful operations of a manufacturing, distribution, or logistics organization with revenues of \$500mm +.
- Full P&L management experience and/or experience managing a business unit.
- Proven ability to lead cross-functional teams across organizational boundaries to accomplish specific tasks/goals, etc.
- Experience working in lean, flat organizations; willing to get hands dirty and work hours required to accomplish goals.
- Operational leadership experience managing cross-functional teams through change management and implementing new solutions in a decentralized, matrix-managed operation.
- Bachelor's degree from respected academic institution. MBA, CPA, professional certifications highly preferred.

If you know of anyone that might be interested in this opportunity please let me know or feel free to forward along my email.
